**(1) Nature of the Organization**

Visionaria Network is a Colorado nonprofit organization incorporated and located in the State of Colorado. Visionaria Network's mission is to address, educate, coordinate and provide services to support individual and community development on a national and international level.

In pursuit of this mission, Visionaria Network develops and hosts gender-sensitive educational programs that enable individuals to empower themselves and their communities through personal reflection and visioning, and through the design and execution of their own community development projects. Visionaria Network programs have a particular focus on adolescent girls because the active involvement of women in community development projects improves project outcomes, cultivates self-confidence, and identifies women as leaders in their communities.

**(2) Summary of Significant Accounting Policies****Method of Accounting**

The financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

**Basis of Presentation**

Visionaria Network is required to report information regarding financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted funds.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents includes cash on hand and demand deposit accounts. Visionaria Network considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

Promises to Give

Contributions are recognized when the donor makes a promise to give that is in substance unconditional. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. As of December 31, 2020, there were no recorded unconditional promises to give.

Contributions and Grants

Visionaria Network reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets released from restrictions.

Functional Allocation of Expenses

The costs of providing the programs and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated between the programs and supporting services benefitted.

Fair Value Measurements

The carrying amount reported in the statement of financial position for cash and cash equivalents, receivables, accounts payable and accrued liabilities approximate fair value because of the immediate or short-term nature of these financial instruments.
